HUERTA CALLS FOR CONFERENCE OF ALL FOREIGN REPRESENTATIVES

In the Meantime a Few Additional Americans Have Been
Killed and Others Placed in Prisons as the Revolution
Proceeds; England Says She Will Keep Her Hands Off
Pending American Action.

Washington, Oct. 17.—International settlement of Mexican affairs by armed protectorate, if necessary, was argued in the house today by Representative Sherwood, Democrat, of Ohio. "A crisis is now on that calls for immediate action on the part of the United States," said he. "One of the courses is open to us to raise the embargo on arms and encourage the Mexicans in their natural desire to kill each other to enter the country for armed intervention, or to co-operate with the other nations of the world in exercising a control that will allow the establishment of a firm government."

HUERTA CALLS FOR MEETING OF DIPLOMATS

[By Leased Wire to Evening Herald.]
Washington, Oct. 17.—General Huerta plans to assemble the foreign diplomats in Mexico City today or tomorrow, according to the state department advice, and make a statement on the present situation. No inkling of Huerta's purpose was contained in this dispatch.

This statement was received here with the keenest interest, though administration officials doubt that this will change the present status. Those closest to the administration policy believe dealings with Huerta are practically ended and that peaceful measures to compose the situation will not be taken in other directions. Speculation on the possibility and extent of dealings with the constitutionalists has been revived by the present statement from official quarters.

President Wilson has from time to time said he would welcome Huerta to take the reins of government, but he has not been so forthcoming in official communication. One difficulty is that the constitutionalists are in various parts of the republic and communication is so slow that united action on any plan that might be submitted would take some time to formulate. In the meantime the administration regards Huerta's promises for the future as a collection of promises and is not inclined to feel free to hear other proposals.

The meeting of the diplomats in Mexico City Wednesday was inconclusive and ended with the participants to any definite course, according to other advice. Official dispatches today reported that the meeting, called for a discussion of the situation in the republic, reached no collective opinion as to a solution of the problem. The meeting was held at the German legation and representatives of Great Britain, Spain, Germany, Austria, France, Russia, Norway and the United States were present.

Two Americans Killed.
Guadalupe, Mexico, Oct. 17.—Two American citizens and one Mexican were killed on Tuesday as the result of a feud at Huetopamulco, a mining camp in the northwest of this city. Twenty-five foreigners there were threatened with extermination.

The dead Americans are Thomas Barrett, a mine manager, and William Kendall, a mine owner. News of the killing reached this city early today. Barrett was killed with an axe by the Mexican who was captured by Kendall and turned over to the rural guards. While the guards were escorting the murderer to Magdalena they shot him.

A story reached the mining camp that the murderer had been killed by Kendall, whereupon a number of Mexicans set upon Kendall and killed him. The same night about two Mexicans attacked all the foreigners in camp. The foreigners took refuge in a mine after telephoning to Magdalena for help. A detachment of fifty rural guards responded and escorted the foreigners to Magdalena, where they took a train for this city.

Was Working as Miner.
Sheldon, Mo., Oct. 17.—William Kendall, reported killed in the state of Jalisco, Mexico, was a son of Mrs. Kate Kendall, a widow, who lives on a farm six miles north of this place. He has been in Mexico in mining work for several years. Mrs. Kendall received word of her son's death through the Guadalupe authorities today.

American a Prisoner.
Murfreesboro, Tenn., Oct. 17.—According to information received here from William E. Alger, American consul at Mazatlan, Mexico, Granville H. Higgins, member of a prominent Murfreesboro family, is held prisoner in the Mexican city by the Huerta government accused of abetting the rebels. The consul asked that money be sent for Higgins' release, but inasmuch as the latter was defunct September 24, the family, fearing delay, today wired to the American state department asking that action be taken in Higgins' behalf.

Higgins served with the First Tennessee regiment in the Philippines. Carranza Feels Hopeful.
Nogales, Sonora, Oct. 17.—Confident that good news for the constitutionalists will come soon from Washington, General Venustiano Carranza, leader of the revolutionary movement in northern Mexico, announced today he would remain here to maintain communication with the American capital.

Carranza's aides and the more prominent military leaders of the constitutionalist cause are confident of the success of the movement. President Woodrow Wilson regarding the situation in Mexico, among revolutionary sympathizers there is a confident expectation that the American government soon will extend recognition to the constitutionalist movement.

General Felipe Angeles, regarded as one of the strongest men identified with the anti-Huerta movement, arrived today from Europe to become Carranza's secretary of war.

Washington, Oct. 17.—Consul General Hanna reported today that nearly all refugees had left Monterrey and efforts were being made through Rear Admiral Fletcher and Consul Canada at Vera Cruz to have the Norwegian steamer Texas City call at Tampico for them.

American Prisoner Released.
Murfreesboro, Tenn., Oct. 17.—After being arrested by Huerta officials in Mazatlan, Mexico, accused of abetting the rebels, Granville H. Higgins, member of a prominent Tennessee family, was released on small bail and now is aboard the transport Buford, en route to San Francisco, according to advice received here today.

London, Oct. 17.—There is no likelihood of Great Britain's recognition of Provisional President Huerta of Mexico being withdrawn at present, as has been suggested in dispatches from Washington. In the opinion of British government circles, it is admitted that something might arise which would induce Sir Edward Grey, the British foreign secretary, to take this drastic course, but it is pointed out that nothing thus far has occurred to change the official view that recognition of the provisional government was the correct policy. It is realized here that the state of affairs in Mexico is very bad, but Great Britain is studiously refraining from interfering in any way between Huerta and the constitutionalists.

Nogales, Sonora, Mexico, Oct. 17.—Carranza received another long message in English today which constituted an ultimatum to the British government. Carranza declined to discuss it. The British government, it is declared, would naturally desire to support the provisional government, but he might take looking to peace, but first of all the British interests in Mexico must be considered because those interests which include protection of investments, amount to many millions.

Intervention on the part of the United States would not be welcomed by the British government as they would be the heaviest losers as they would be unable to recoup themselves after the coming in the same way as America could be able to do by the annexation of territory or by the enforcement of an indemnity.

Nothing has been heard from Sir Lionel Gordon, the British minister in Mexico, in regard to the meeting of the members of the foreign diplomatic corps in Mexico City and no request has come from him for a warship.

It has been suggested here that a British warship might be sent to Mexico but the British foreign office is relying on Sir Lionel Gordon to ask for one if it is really necessary.

Sir Ralph Paxon, formerly secretary of embassy at Washington, who has a wide knowledge of Mexico and Central American affairs, has just been appointed permanent under-secretary at the foreign office in charge of American affairs.

Would Assassinate Diaz.
Havana, Oct. 17.—Placarte, purporting to be signed by various Mexicans residing in Havana, who threaten to resist the landing of General Felix Diaz and to assassinate him if he should come ashore, were posted throughout the city today.

The secret police have been ordered by the authorities to prohibit all communication between the ship and the shore, except by persons fully authorized. Should General Diaz land the hotel at which he stays is to be

protected by police and a strong detachment of rural guards.

Cotton Growers Worried.
Calexico, Calif., Oct. 17.—American cotton growers in the Mexican territory of Lower California, became worried today over the report that a constitutionalist invasion was contemplated and called upon Carlos Mendosa, revolutionary agent here to learn whether the rebels, if they were in power, would exact export duties on cotton.

Mendosa declared that no export duties would be levied and that foreign ranchers in Lower California would be protected as long as they observed strict neutrality.

U. S. WILL REMAIN AS
A "CLASS OBSERVER."
Washington, Oct. 16.—The Mexican situation remained unchanged today and administration officials agreed generally in the view that the Huerta government would make no answer to President Wilson's latest note. News of the latest constitutionalist victories were received without comment. The delay of the situation, however, was unaltered and the attitude of the Washington government was still a waiting one, with the United States in the attitude of a close observer.

Seattle Judge Is Called On The Carpet
Humphries Cited to Show Cause Why He Forbids Street Meetings, Decides to Withdraw Order.
[By Leased Wire to Evening Herald.]
Seattle, Wash., Oct. 17.—The court order forbidding street speaking in Westlake Square was withdrawn today by Superior Judge John R. Humphries who also rescinded the jail sentence and fine he imposed upon Dr. Herman M. Titus for contempt of court in having violated the injunction. There is a main on the court's calendar only three of the great number of contempt cases growing out of the injunction. Judge Humphries has been cited to appear before the supreme court at Olympia, October 23 to show cause why he should not be permanently restrained from hearing these three cases because the defendants were paid change of venue from his court although they had filed affidavits alleging prejudice.

For many nights past the Socialists and others have been holding meetings in Westlake Square, disregarding the injunction which Judge Humphries withdrew today.

Evidence Said to Be Sensational Expected to Come Up at Plymouth in Murder Trial.
[By Leased Wire to Evening Herald.]
Plymouth, Mass., Oct. 17.—A hint at evidence not yet received was given by the state at the continuation of the trial for murder of Mrs. Jennie May Eaton today.

This hint, to be followed by a typewritten document alleged to have disappeared from the Eaton home after the death of Rear Admiral Eaton, Dorothy Alenworth, the younger of Mrs. Eaton's two daughters by an earlier marriage, was asked by District Attorney Barker what she knew of such a paper. The defense objected whereupon the district attorney called on the state's attorneys to produce the document. The matter was not pressed but Mr. Barker said he hoped to introduce the paper later.

After the admiral's death a search was made for a will alleged to have been made by the admiral after the state had taken the property of the estate, which left his property to the widow and his stepdaughters.
